REMARKS

Reconsideration of the application is respectfully requested on the grounds that:

- a. the title has been amended to be more clearly indicative of the invention to which the claims are directed, as required in part a of item 1 on page 2 of the Official Action, and
- b. the colon has been removed from claim 6, as required in part b of item 1 on page 2 of the Official Action.

Having thus overcome each of the objections made in the Official Action, withdrawal of the objections and expedited passage of the application to issue is requested.

Should the Examiner feel that further changes are necessary, the Examiner is invited to contact the undersigned at any time to discuss the changes and possibly avoid the need for a further Official Action.

Respectfully submitted,
